REVENUE AND DISASTER MANAGEMENT DEPARTMENT

No. RDM-LAA-EXINST-0001-2025- 30964

/R&DM, dated 16 AUG 2025

From

Sri Suranjan Pradhan, OAS(SAG)
Additional Secretary to Government

To

All Collectors

Sub: LARRMS (Bhu-Arjan) portal-Yadast Preparation, Award of LA Compensation and Rent Abatement Module (V 1.0 Module)- regarding.

Madam/Sir,

In inviting a reference to the subject cited above, I am directed to say that the major bottleneck of land acquisition is on account of slow procedures and delay in issuance of various notifications. It also requires due responsibility and responsiveness for timely execution of the process at every stage in a transparent manner. It involved drafting and publication of multiple notifications, payment of LA compensation, each of which would pass through several authorities for processing/approval. The processing of these notifications manually was time-consuming and prone to errors.

The web-based MIS portal LARRMS (Bhu-Arjan) was made operational in the first phase, with the Modules and Functionalities such as Entry of Proposals in Form-A, Social Impact Assessment (SIA) Workflow, Public Hearing Notices, Notifications under section 4(1), Declarations under Section 8(2), Notification under Section 11(1), Land Valuation and Cost Estimation and Declaration under Section 19(1) of RFCTLAR&R Act, 2013.

Now, with a view to operationalize a comprehensive web-based portal, the LARRMS portal is further developed and features like preparation of yadast register, auto-generation of the award statement, award registers, and generation of abatement proposals has been included. This portal would enhance the efficiency of the land acquisition process, ensure transparency and accountability, and result in e-transfer of benefits directly to the accounts of the beneficiaries. Its benefits would be faster process completion, transparent fund transfer to the landowners /beneficiaries and reduction of procedural errors, ultimately contributing to more efficient public service delivery. This module is developed as per the provisions of RFCTLAR&R Act, 2013 and ORFCTLAR&R Rules, 2016.

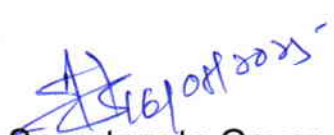

To facilitate the officials and staff involved in land acquisition, a comprehensive user manual is prepared (enclosed) which provides a detailed technical description on Yadast preparation, generation of QR coded Award statement (Form-K) and Rent Abatement proposal, developed by the National Informatics Center, Bhubaneswar. It covers the system's architecture, functionalities, user workflows, and technical specifications, ensuring seamless operation.

The process for release of LA Compensation through e-transfer to the land losers is under development and will go live soon.

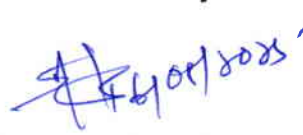

You are, therefore, requested to use this module and ensure that necessary entries are made in the application for all the ongoing LA proposals where award has not been passed so that release of LA Compensation through e-transfer to the land losers and will be done seamlessly and LA process is completed error free.

This may be treated as **Most Urgent**.

Yours faithfully,

Additional Secretary to Government

Memo No. 30965 /R&DM dated 16 AUG 2025
Copy forwarded to all RDCs for information and necessary action.

Additional Secretary to Government

Memo No. 30966 /R&DM dated 16 AUG 2025
Copy forwarded to the SIO, NIC, Bhubaneswar for information and necessary action. He is requested to arrange hands on training to the officials and staff involved in land acquisition through DIO, NIC at district level.

Additional Secretary to Government

Memo No. 30967 /R&DM dated 16 AUG 2025
Copy forwarded to LA-B, LA-C Branch/all LAOs/Special LAOs for information and necessary action.

Additional Secretary to Government

BHU-ARJAN USER MANUAL

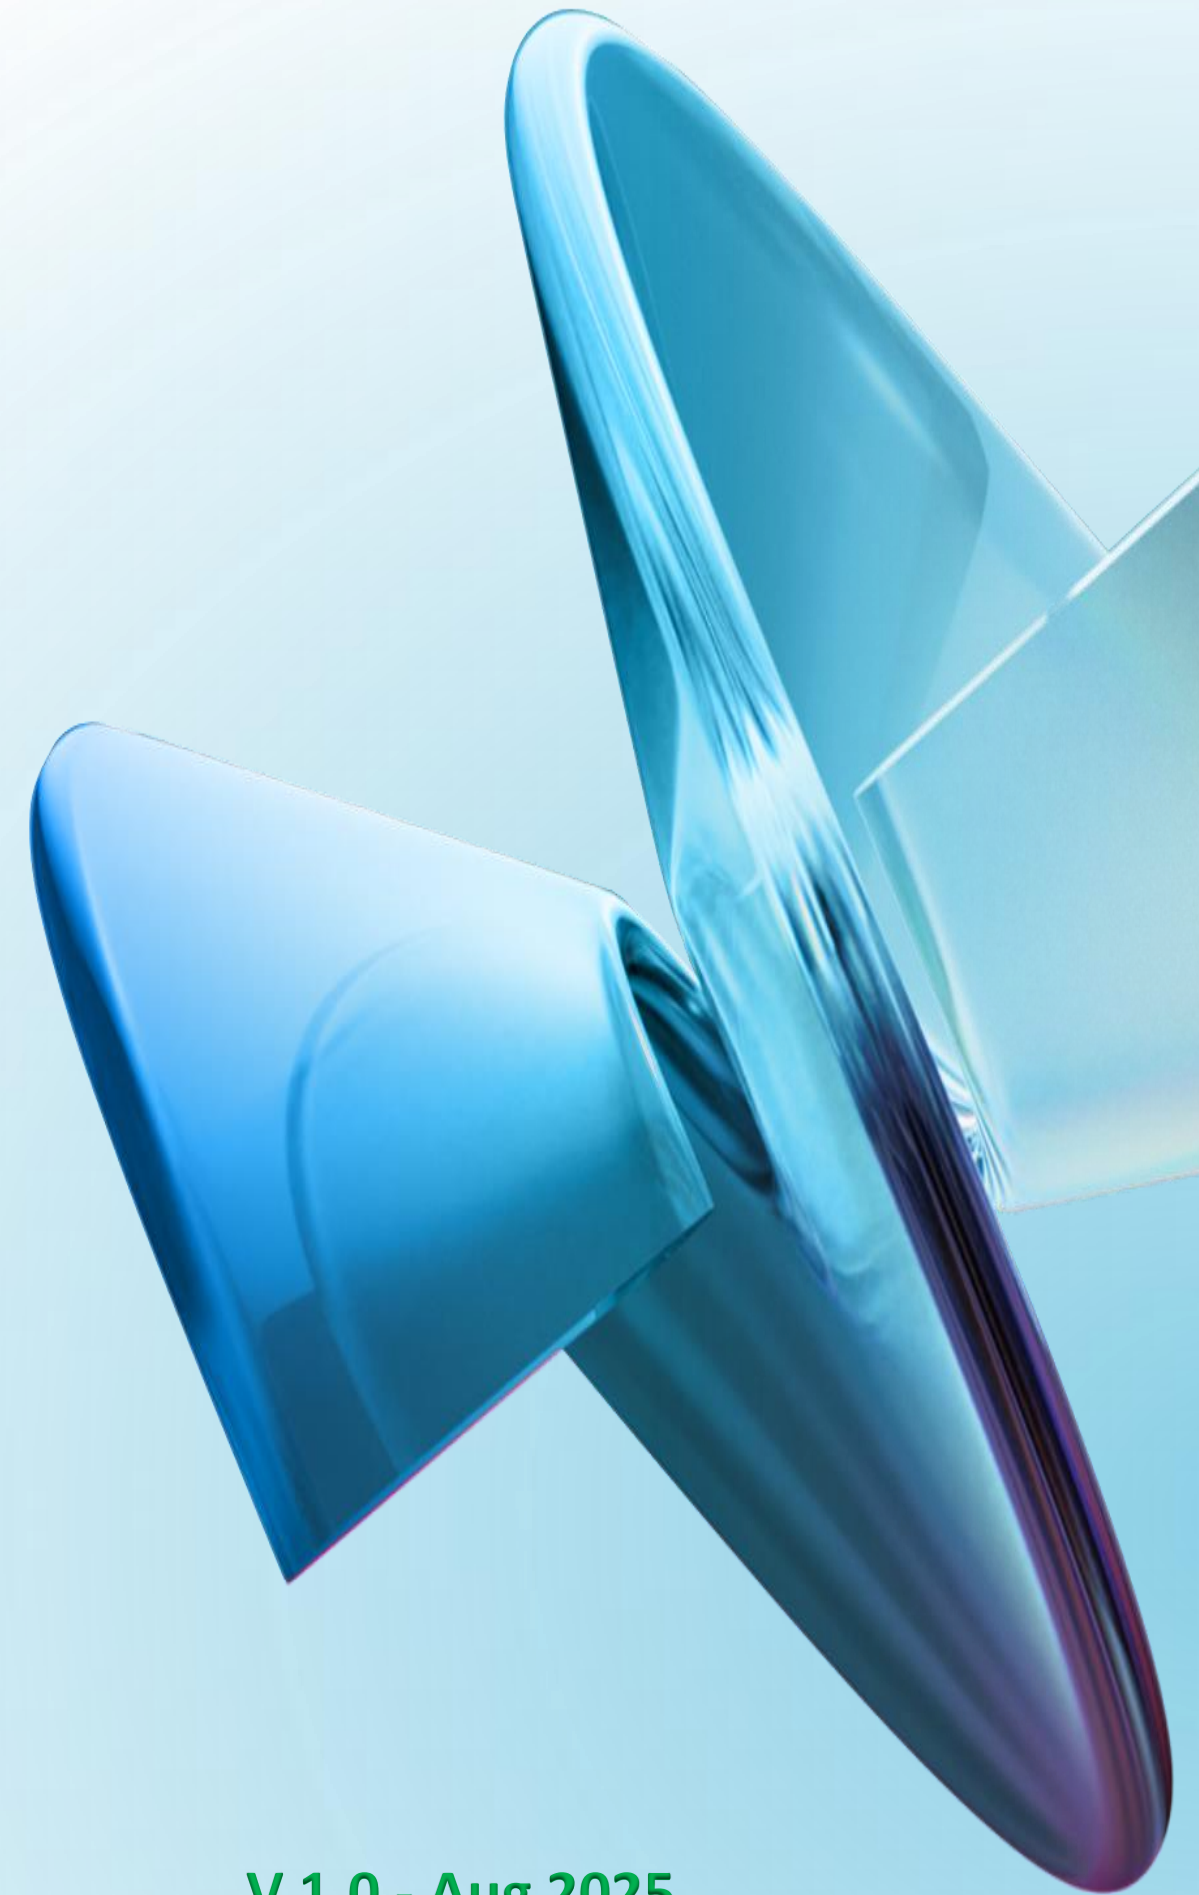

Revenue & Disaster Management Department
Govt. Of Odisha

YADAST, AWARD OF LA COMPENSATION & RENT ABATEMENT MODULE

Design & Developed By :

National Informatics Center, Bhubaneswar

V 1.0 - Aug 2025

This comprehensive user manual provides a detailed technical presentation on the [Yadast](#) ,[Award of LA Compensation](#) and [Rent Abatement Module](#), developed by the National Informatics Center, Bhubaneswar, for the Revenue & Disaster Management Department, Government of Odisha. Designed for Revenue officials and Land Acquisition Officers , this guide aims to enhance understanding and efficiency in managing Yadast Register, [Award of LA Compensation](#) and Rent Abatement. It covers the system's architecture, functionalities, user workflows, and technical specifications, ensuring seamless operation in compliance with state regulations.

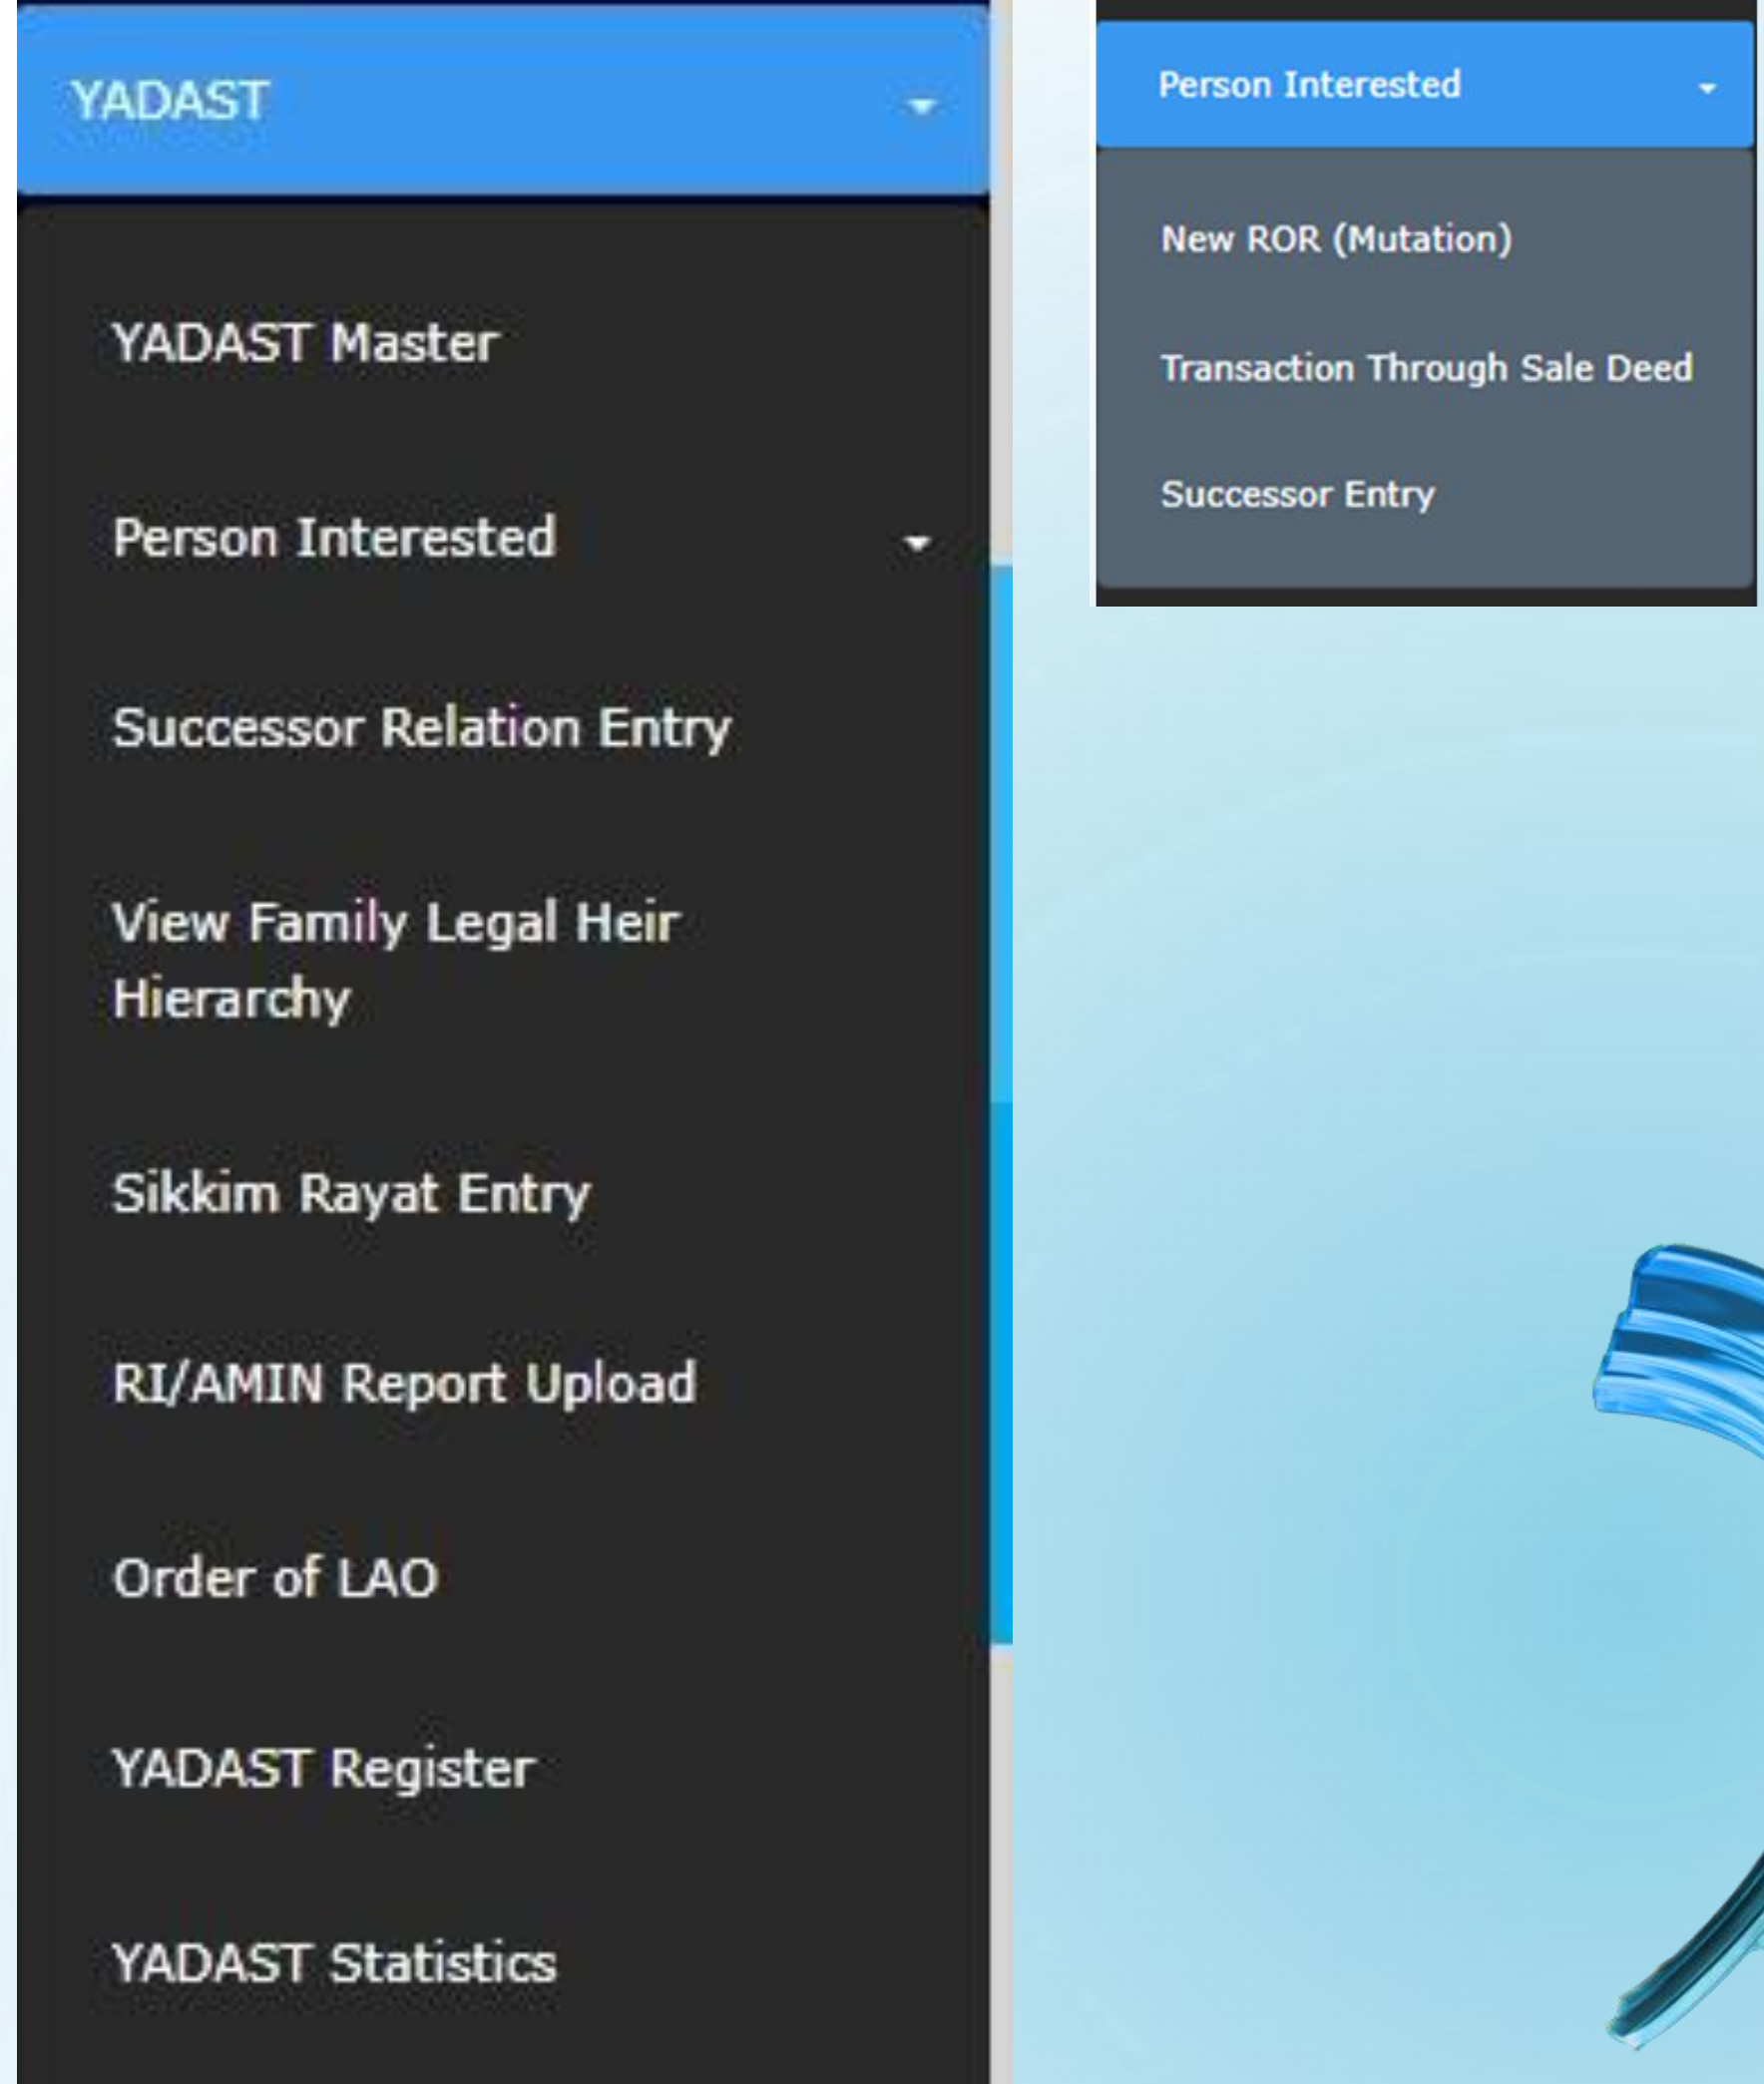

The implementation of this module aims to minimize manual intervention, thereby reducing errors and enhancing the transparency and accountability of Land Acquisition. It facilitates a robust framework for officials to accurately record and manage Yadast, Award of LA Compensation and Rent Abatement , ultimately contributing to more **efficient public service delivery.**

YADAST MODULE

The **Yadast Module** is a pivotal component within the Bhu-Arjan system, specifically designed to manage and maintain the **Yadast Register**. This register is a critical document ensuring that all changes in land ownership, rights, and other relevant details are meticulously documented and updated. The module digitises the manual process, bringing forth enhanced accuracy, accessibility and real-time data availability.

AWARD OF LA COMPENSATION MODULE

The **Award of LA Compensation Module** is an integral component of the Bhu-Arjan system, designed to facilitate the systematic and transparent processing of compensation awards for land acquired for public purposes. This module ensures that all calculations, approvals, and disbursements adhere to the provisions of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (RFCTLAR&R Act, 2013). Its primary objective is to streamline the entire compensation process, from initial award generation to final disbursement, thereby reducing manual intervention and enhancing accountability.

RENT ABATMENT MODULE

The Rent Abatement Module is a crucial component of the Bhu-Arjan system, empowering the Revenue & Disaster Management Department to manage and process abatements of government revenue (rent) on land holdings.

The module integrates seamlessly with the existing BHULEKH system, ensuring that all land records and revenue details are consistent and up-to-date. This integration allows for automated fetching of essential data, minimizing manual entry errors and enhancing data integrity.
